

PRESS RELEASE

Paris, December 4th, 2017

DIETSWELL wins an international tender and signs with an oil operator in Algeria a significant contract in technical assistance

As part of its Technical Assistance activities in the Oil & Gas sector, DIETSWELL announces the signing of a contract worth at least € 4.5 million with an oil operator in Algeria. This 2-year contract includes an option to extend an additional year.

This contract, won further to an international tender, allows DIETSWELL to establish its presence in this major oil country whose future O&G investment programs are important. DIETSWELL believes that this success will allow the development of its related activities, in particular drilling equipment audit and inspection activities, as well as the management of projects in the same field.

This contract, which comes in a context still marked by a very weak general activity in the upstream field of exploration-production, demonstrates DIETSWELL's know-how and credibility with very demanding international clients in the selection of their service providers.

About DIETSWELL: www.dietswell.com

Founded in 2000, DIETSWELL is an independent specialist in engineering and services in the conventional and renewable energy industry. Thanks to teams of experts and a flexible and responsive structure, DIETSWELL offers a multidisciplinary offer in the fields of drilling and energies in the broad sense. With its highly experienced teams, DIETSWELL also performs high level audits and studies for the design of drilling equipment and offshore structures, including for the wind industry.

In compliance with the highest standards of quality and safety, DIETSWELL is certified as an innovative company and certified API Q2, ISO 9001, ISO / TS 29001 and ISO 14001 for its technical assistance, audit, inspection and engineering.

DIETSWELL is listed on Euronext Growth - Code ISIN: FR0010377127
